priscilla j brewer examines the development and history of the first american appliance the cast iron stove that created a quiet but culturally contested transformation of domestic life and sparked many important debates about the role of women industrialization the definition of social class and the development of a consumer economy brewer explores the shift from fireplaces to stoves for cooking and heating in american homes and sheds new light on the supposedly separate spheres of home and world of nineteenth century america she also considers the changing responses to technological development the emergence of a consumption ethic and the attempt to define and preserve distinct anglo american middle class culture there are few works that treat this significant subject and brewer covers impressive new ground extensively documented based on letters diaries probate inventories census records sales figures advertisements fiction and advice literature this book will be valuable to scholars of american history and women s studies

the first europeans to settle on the aboriginal land that would become known as australia arrived in 1788 from the first these colonists were accused of ineptitude when it came to feeding themselves as legend has it they nearly starved to death because they were hopeless agriculturists and ignored indigenous foods as the colony developed australians developed a reputation as dreadful cooks and uncouth eaters who gorged themselves on meat and disdained vegetables by the end of the nineteenth century the australian diet was routinely described as one of poorly cooked mutton damper cabbage potatoes and leaden puddings all washed down with an ocean of saccharine sweet tea these stereotypes have been allowed to stand as representing australia s colonial food history contemporary australians have embraced exotic european and asian cuisines and blended elements of these to begin to shape a distinctive australian style of cookery but they have tended to ignore or ridicule what they believe to be the terrible english cuisine of their colonial ancestors largely because of these prevailing negative stereotypes the colonial kitchen australia 1788 1901 challenges the notion that colonial australians were all diabolical cooks and ill mannered eaters through a rich

and nuanced exploration of their kitchens gardens and dining rooms who was writing about food and what their purpose might have been and the social and cultural factors at play on shaping what how and when they ate and how this was represented
